FrankNDodd >>>>>>>>>>>>>>

We are pleased to announce the launch of our platform for all things Dodd-Frank. FrankNDodd is an online resource that tracks rulemaking pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, including rule proposals, rulemaking, and publication of study results and public comments, as well as key dates for comment deadlines, enactment deadlines, and effective dates. FrankNDodd also provides our color commentary and links to relevant articles, alerts, powerpoints and other resources.

The database features a robust search function that allows users to quickly navigate to particular sections of the Act and to find links to related regulatory materials as well as relevant MoFo commentary. During the subscription process, users may elect to receive customizable periodic email alerts. Users may customize the alerts to include only changes related to a particular title of the Act, to one or more substantive areas, or to actions taken by one or more regulatory agencies.

The basic FrankNDodd described above is available free-of-charge by subscription only to Morrison & Foerster clients. To obtain a password for FrankNDodd, please send an email naming your contact at Morrison & Foerster, or, alternatively, explaining how you heard about FrankNDodd to subscribe@frankndodd.com. FrankNDodd is also capable of providing data in formats that can be easily input into many popular project management systems, so that you can use FrankNDodd with your internal workstreams. We call this FrankNDodd Plus.

FrankNDodd Plus is available on a fee-basis to advanced subscribers. For more information about this type of subscription, please contact questions@frankndodd.com.
